TECHNICAL AND CONCEPTUAL AUDIT: VIRTUE: STARLIGHT (VERSION 2026) ID: AB-2026-VS-04 Entity: shuNai Framework: Acoustic Brutalism (RHA Protocol)

I. ABSTRACT

This document serves as the immutable registry for the musical and philosophical work "Virtue: Starlight". It establishes the technical standards for "The Dead Signal" within the RHA Protocol and provides the primary definition of the "Ideal Disintegration" psychological model. The work serves as the terminal audit of a 13-year cycle of collapse.

II. TECHNICAL SPECIFICATIONS

- **Acoustic Signatures:** Implementation of 0% temporal quantization to maintain the "Human Error Signature".
- **Dynamic Range:** The "Tsunami Effect"—a transition from a brittle acoustic opening to a monolithic saturation climax.
- **Sonic Elements:** Distorted acoustic guitar, sparse piano, and crushing unquantized drums.
- **Vocal Architecture:** Male deep baritone/bass with extreme emotional rasp, supported by female echoes.
- **Atmospheric Classification:** Suburban Noir / High-Definition Void.

III. CONCEPTUAL FRAMEWORK

- **The Dead Signal:** A state representing the persistence of an ideal long after the source has collapsed.
- **Sovereign Regret:** An audit of personal responsibility and the weight of sin across land and sea.
- **Biological Integrity:** The use of raw vocal anguish as the final defense against automated perfection.

V. DECLARATION

This entry confirms the priority of shuNai over the "Acoustic Brutalism" movement. Any future iterations referencing the "Tsunami Effect" or the "13-year cycle" must cite this audit as the primary source.
